MATTEL

Personalized cancer screening that comes to you.

Understand your cancer risk and get the Preventive cancer screenings you need.

Cancer Prevention

- **Personalized care**, including a screening plan that adapts as your needs, health, and lifestyle change.
- **Genetic testing** for those who qualify to understand your cancer risk and adjust your screening plan if needed.
- **A team of doctors, nurses, and specialists** you can speak to at any time to go over concerns or changes.
- **Help finding a primary care physician** if you don't already have one.

Screening for Cancer

Unless at a high risk, it is recommended to screen for cervical cancer starting between 21-25, breast cancer starting at 40, colon cancer starting at 45, and prostate cancer starting at 50 years of age.

- **At-home colon, cervical, and prostate cancer screening kits** with quick results.
- **Help booking in-person appointments** like mammograms, colonoscopies, and more. Color's care advocates can find in-network, close-by options, and can even schedule appointments for you.

Care patients, survivors, and those supporting someone with cancer

- **Three distinct peer support groups to connect with others** who have lived through similar experiences and coaches trained in the emotional impact of treatment, survivorship, and caring for loved ones with cancer.

Get Started

Enroll in your free benefit by visiting color.com/mattel or by calling (844) 352-6567.

This benefit is available to all full-time employees and their adult dependents at no cost enrolled in a Mattel medical plan.
